FACT SHEET

COMPANY PROFILE

The Instone Group is one of the leading residential developers in Germany and is listed on the Prime Standard of the German stock market. Since 1991, we have been developing future-proof and sustainable urban residential quarters with apartments for sale or rent throughout Germany – to provide a long-lasting good life in the country's metropolitan areas. Our diverse expertise, combined with efficient processes and a solid financial basis, creates real added value for our stakeholders – in environmental, social and economic terms. This means we are taking responsibility for one of the most pressing social issues of our time – creating needs-based and attractive living space. The company employs 441 employees at nine locations across Germany. As at 31 December 2023, the project portfolio included 45 development projects with an anticipated overall sales volume of approximately EUR 7.0 billion and over 14,200 residential units.
